

NAFFCOOL # 40 Tmc

Tapmatic Cutting Oil

NAFFCOOL # 40Tmc is a high viscosity mineral base oil, heavy duty machining fluids for steel and stainless steel alloy. It is formulated to be tapping and machining operations. This product does not contain any sulfur, chlorine, heavy metal, etc.

User benefits

- Excellent wetting properties
- Good corrosion protection
- Increases tool life

Physical Characteristic

Appearance	: Dark Brown
Specific Gravity	: 0.89
Stability	: Excellent
Solubility in water	: Insoluble

Application

Recommended dilution ratio 1 : 1 for the machining operations.
