

PRODUCT INFORMATION

NAFFCOOL # 200 NC

Heavy Duty Neat Cutting Fluids

DESCRIPTION

NAFFCOOL # 200 NC Series a low viscosity cutting fluids specially recommended and designed for superior cutting and cooling of the work surfaces and cutting tools. This product nonstaining to copper, aluminium and their alloys and contains extreme pressure and anti-mist additives

SPECIAL BENEFITS

- Good cooling and lubrication
- Excellent corrosion protection
- Enhanced tool life

- Outstanding anti mist propertis

- Chlorine and active sulfur free EP additives

GENERAL PROPERTIES

Viscosity at 40 deg C, cst : 15,00
Flash point : 200
Specific Gravity : 0,825
Color : light yellow
% active sulfure, chlorine : None

APPLICATION

This product is designed as broaching oils, deep hole drilling oils and for other cutting operations on extremely difficult to machine material
