

NAFFCOOL # 2010 NC

Neat Extreme Pressure Cutting Oil

NAFFCOOL # 2010NC is neat, extreme pressure heavy duty machining oil. Ideal for use where lubrication is the prime requirement. For use light duty and repeated works to severe heavy operations such as gear cutting, broaching, etc.

Covers all types of metal including non-ferrous and difficult to machining alloy. This product does not contain any sulfur, chlorine, heavy metal, etc.

User benefits

- Superior cooling
- Improved tool life
- Good corrosion protection

Physical Characteristic

Appearance	: Amber
Specific Gravity	: 0.89
Viscosity at 40°C, cSt	: 57
Flash Point COC, °C	: > 230
Stability	: Excellent

Recommended

This product is recommended for machining operation of brass, copper, steel, alloy steel, stainless steel, bronze, vanadium, cast and nodular iron steel, etc.

Other machining operations like milling, drilling, turning, boring, sawing, tapping, etc.
